PROFESSIONAL SUMMARY

Aspiring Full Stack Developer with a detail oriented mindset and foundational knowledge of HTML, CSS, JavaScript, Reacts.js and Python. Currently pursuing Full Stack Development training with an interest in building responsive and user friendly web applications. Possess problem-solving skills, adaptability and a strong willingness to learn new technologies. Eager to apply technical knowledge to real world projects and grow as an IT professional.

EDUCATION

Bachelors in Information Science & Engineering **CGPA:6.2**
Sahyadri College of Engineering & Management 2022-2026

INTERNSHIPS

Frontend Development Intern – Volvitech Software Solutions LLP **Jan 2026 – May 2026**
• Developed responsive web interfaces using React.js, TypeScript, and CSS, with components that could be reused.
• Connected the frontend to backend services through REST APIs to fetch and display data.
• Used Git to track code changes and keep development work organized.
• Learned new technologies independently and applied them during the internship.

PROJECTS

Car connect – Car Buying & Selling Platform
• Developed a Car marketplace with Buyer, Seller and Admin modules.
• Implemented OTP verification, password hashing, car listing management, messaging and dashboard statistics.
• Technologies : PHP, MySQL, HTML, CSS and JavaScript

VoteSecure – Online Voting System
• Developed an online voting system with user registration OTP verification and vote management.
• Implemented password hashing and database integration using Python Flask.
• Technologies : Python , Flask, MySQL, HTML, CSS and JavaScript.

DevFolio – Interactive Personal Portfolio
• Built a responsive personal portfolio using React.js and Vite, with reusable components.
• Designed modern UI elements using glassmorphism, gradient colors and interactive hover effects.
• Deployed on Vercel and maintained source code on GitHub.
• Technologies : React.js, Vite, JavaScript, HTML, CSS, Git, GitHub and Vercel

TECHNICAL SKILLS AND INTERESTS

Programming Language: Python
Frontend: HTML5, CSS3, JavaScript, Next.js
Backend: Node.js,Express.js, Php, python
AI & Machine Learning: Generative AI, LLM Fundamentals, Prompt Engineering, AI API Integration
Database: MySQL, MongoDB, SQLite, XAMPP
Tools & Version Control: VS Code, Git, GitHub, Excel
Soft Skills: Teamwork, Problem Solving, Active Listening, Leadership
Areas of Interest: Full-Stack Web Development, Data Analytics

CERTIFICATIONS

TCS iON Career Edge – Young Professional Course
Infosys Springboard – Introduction to Artificial Intelligence

LANGUAGES

English, Kannada, Hindi, Tulu
